

SOUTHWEST NEW MEXICO REGIONAL  
SOLID WASTE MASTER PLAN

RESOLUTION # 90-06-08

WHEREAS, the State of New Mexico has passed legislation referred to as the Solid Waste Act,

WHEREAS, the State of New Mexico and federal government have issued regulations pertaining to the handling, management, and disposal of solid waste,

WHEREAS, additional state and federal regulations are anticipated,

WHEREAS, the Solid Waste Act requires local governments to provide substantial information to the State for use in determining solid waste districts, determining the location of solid waste facilities, and preparing a State solid waste master plan, and

WHEREAS, there are grant funds available from the New Mexico Department of Energy and Minerals for the preparation of regional solid waste master plans,

IT IS HEREBY RESOLVED THAT:

1. Grant County agrees to participate in the preparation of a Southwest New Mexico Regional Solid Waste Master Plan to identify the most cost effective collective and individual methods of complying with the Solid Waste Act and applicable state and federal solid waste regulations and to explore applicable regional and local solid waste management possibilities,

2. Since it is anticipated that this solid waste master planning effort will be funded by a grant from the New Mexico Department of Energy and Minerals so the Grant County does not commit any funding to the project but will provide in-kind services in the form of staff time to assist in the collection and development of data required for the preparation of the regional master plan, to participate in the regional planning meetings, and to assist with applicable public participation activities, and

3. Grant County reserves the decision to, or not to, adopt and/or comply with the completed Southwest New Mexico Regional Solid Waste Master Plan until the plan is completed.

PASSED, ADOPTED, AND APPROVED this 8 day of June, 1990.
