

**RESOLUTION NO. R-20-41**

RESPONSE TO THE CORONAVIRUS (COVID-19) PANDEMIC**

**WHEREAS**, according to the Center for Disease Control and Prevention (CDC) Weekly/August 14, 2020, The Coronavirus disease (Covid-19) pandemic has been associated with mental health challenges related not only to the morbidity and mortality caused by the disease itself, but also to mitigation activities, including the impact of physical distancing and stay-at-home orders, and

**WHEREAS**, symptoms of anxiety disorder, depressive disorder, substance abuse, and suicidal ideation, are increasing in New Mexico, and

**WHEREAS**, many New Mexico businesses are struggling or failing, and many jobs are threatened and being lost due to Covid-19 and related orders imposed by state and local governments, and

**WHEREAS**, it would be beneficial if New Mexicans did not have to travel out of New Mexico for recreation, health care, and to purchase goods and services in states that are open for business, and

**WHEREAS**, loss of business and personal income and tax revenue, and disruption of basic daily routines have taken a heavy toll on New Mexico communities, and

**WHEREAS**, current Covid-19 cases and infection spread rates have fluctuated significantly between counties in New Mexico, while penalties and restrictions are imposed statewide,

The Grant County Commission requests the State of New Mexico implement a county-by-county, phased reopening process, that allows for county input into policies and procedures within state guidelines for safe re-entry.
